

October 30, 2015
Governor Brown Proclaimed
Tree Mortality a State of
Emergency

California Disaster Assistance Act (CDAA) funding available to reimburse agencies for costs to identify, remove and dispose of dead and dying trees ***constituting a threat of falling on public right-of-way and public infrastructure*** caused from drought conditions.

Amador County Tree Mortality Response – 2017 Review

Geographic Information Systems (GIS)/Data Management and Mapping Support
Cindy Engel, GIS Coordinator, Amador Country Transportation Commission
